HOFMANN Expo 24. November 2022 • 8⁰⁰ - 17⁰⁰

HOFMANN Expo 2022 – The world’s most important trade fair for road marking technology!

On 24 November 2022, world-class road marking technology specialists will convene for the HOFMANN Expo. For the 23rd time, the global player HOFMANN Road Marking Technology invites high-level trade professionals from all over the world to its company site in Rellingen, Germany. In doing so, this family company cements its positions as the home and innovation centre of the industry.

HOFMANN Expo brings together global developments and future visions from the industry. The exciting event programme includes engaging talks given by international experts, exchanges of technical ideas between various professional groups, and demonstrative presentations of the latest technologies – as ever, simultaneously interpreted into the five main languages of German, English, Spanish, French and Russian.

On nearly 40 trade fair stands the industry’s key players are represented.

In 2021 several hundred visitors from more than 40 countries and representing much more than 300 companies attended the event in Rellingen.

To conclude the event, the after-work dinner at the “Road Markers Pub & Restaurant” offers around 300 guests the opportunity for informal networking.

“HOFMANN Expo is the world’s biggest trade fair and conference for road marking technology in theory and practice,” explains Torsten Pape, Head of Sales and Marketing at HOFMANN and is looking forward to the industry highlight at the company’s site in Rellingen.
