

TechnologyDay & International Expo

28. Nov. 2019 • 08⁰⁰ - 17⁰⁰

#hofmannexpo

HOFMANN GmbH
Industriestrasse 22
25462 Rellingen
Deutschland • Germany
Alemania • Allemagne • Германия

Schedule

10⁰⁰ Welcome & Moderation

Torsten Pape

HOFMANN GmbH (Germany)

Lectures:

EU Stage V emission limits (Regulation EU2016/1628) & the swivel-mounted thermoplastic extruder

Jan Hofmann

HOFMANN GmbH (Germany)

Humans are thinking. Who is steering?

André Bresges

University of Cologne / Prof. of the Institute of Physics Didactics (Germany)

Opportunities and challenges of the Scandinavian market in the age of autonomous driving

Toni Ogemark

SVMF / Skandinaviska vägmarkeringsföreningen (Sweden)

Road Infrastructure and networked/autonomous vehicles: Road Marking Challenges

Harald Mosböck

Swarco AG (Austria)

Waterbourne paints - drying accelerators and traffic characteristics

Frederic Feré

SAR (France)

14¹⁵ Practical demonstration of innovative developments of application techniques for all kinds of marking materials in AMAKOS® mode of operation, e.g.:

- line width stabilizer during path-dependent 2-component Airless spraying
- combi marking system for cold plastics applying Spotflex® and stochastic agglomerates
- thermoplastic universal extruder system (MultiDotLine®)
- system for sprayable thermoplastics incl. metering pump for path-dependent application

17⁰⁰ End of show

HOFMANN TechnologyDay & International Expo 2019 – The world's most important trade fair for road marking technology

On 28 November 2019, world-class road marking technology specialists will convene for this year's HOFMANN Technology-Day.

For the 21st time, the global player HOFMANN Road Marking Technology invites high-level trade professionals from all over the world to its company site in Rellingen, Germany. In doing so, this family company cements its positions as the home and innovation centre of the industry.

HOFMANN TechnologyDay brings together global developments and future visions from the industry. The exciting event programme includes engaging talks given by international experts, exchanges of technical ideas between various professional groups, and demonstrative presentations of the latest technologies – as ever, simultaneously interpreted into the five main languages of German, English, Spanish, French and Russian.

On nearly 40 trade fair stands the industry's key players are represented.

Last year around 750 trade visitors from almost 53 countries and representing more than 333 companies have attended the event in Rellingen.

To conclude the event, the after-work dinner at the "Road Markers Pub & Restaurant" offers around 300 guests the opportunity for informal networking.

„HOFMANN TechnologyDay is the world's biggest trade fair and conference for road marking technology in theory and practice“

Torsten Pape

Along with our four main sponsors we are looking forward to this year's industry highlight!
